Shriners Shining Here

WHOOPEE with a Capital "W" is on tap as more than 1,000 Shriners cavort in Edmonton. A. W. Hink, Great Falls insurance man looks a trifle nosy as he chats with Mrs. John Martello, wife of a Shriner from Helena.

Sheiks, Steeds Prance Along Jasper Avenue

Desert sheiks on prancing steeds, marching Nobles, flags, bands and clowns featured a colorful parade of Shriners through downtown streets today.

The grand parade touched off a day of ceremonies, attended by more than 1,000 Shriners from all parts of Canada and sections of the United States.

Visiting Shriners are attending the annual summer ceremonial of the Al Ashar Temple of Alberta under the direction of Illustrious Potentate J. G. Fulton of Calgary.

Following the parade from the Macdonald hotel by way of Thornton Court to Jasper Avenue, delegates went to the Masonic Temple for business sessions. Later there was a further ceremony at the RCAF drill parade grounds at Northwest Air Command.

A grand ball in the Macdonald hotel will conclude the Shrine meet Saturday night.

Visiting patrols from Montana, numbering more than 400, were prominent in the parade.

Balloons for KIDDIES A huge decorated truck led the parade, with carefree Shriners toasting out balloons to giggling youngsters lining the parade route.

Next in line came the smart brass band of the Helena, Montana, Algeria Temple. A drum band followed close behind keeping the marchers in step.

The mounted sheiks, also members of the Algeria, Montana patrol, attracted much attention.

Patrols from Calgary and Edmonton accompanied the parade.

Clowns, dressed as convicts and policemen provided hilarity with their antics.

Lost Plane Search Widens

PORT WILLIAM, June 26.—(CP)—Additional RCAF planes from Winnipeg arrived here today to take part in the search for a missing aircraft.

The missing plane, owned by The Netherlands government, was being flown to Newark, N.J. from Calgary by J. L. Harrison of Montreal.

At Winnipeg, RCAF officials said their search and rescue squadron would comb the dense lakehead husband until the missing aircraft was found. The plane piloted by Harrison, a former RCAF flight lieutenant, was one of three planes ordered by the Dutch.

Keith Wright, piloting one of the three Dutch-ordered ships, said the planes had encountered foul weather near the lakehead. The aircraft had been flying close to that piloted by Harrison.

Shots Are Fired In City Chase

Man Is Jailed, For Theft; Police Detective Hurt

A man who led police in a wild chase down Grierson Hill Friday night, was sentenced to four months hard labor in jail, in police court today.

Alexander P. Ford, Edmonton, arrested after pursuit by two city detectives, pleaded guilty to a charge of stealing two overcoats.

Ford had led city detectives Jack Langford and Dunc McLean in a hot pursuit through bushes and rubbish on Grierson Hill.

TWO SHOTS FIRED During the course of the chase two warning shots were fired after Ford.

The pursuit began at 10:30 p.m. Friday when police received a tip that a man was lurking about cars in a parking lot near the Macdonald Hotel.

Detectives Langford and McLean spotted a man as he attempted to smash a vent window in one of the parked cars.

Startled by the approach of the police, the man was said to have plunged over nearby Grierson Hill into heavy brush.

Two warning shots were fired by Detective Langford as the two policemen sprinted into action.

Following a stealthy crawl through bushes and rubbish on the hill, the officers arrested Ford whom they found lying on his back in a bush at the base of the hill.

DETECTIVE HURT During the pursuit McLean stumbled and cut his hand. He was later treated at the Royal Alexandra hospital where seven stitches were required to close the wound.

The man, identified as Ford, surrendered without a struggle to police.

Two overcoats, believed to have been taken from parked cars near Thornton Court, were found beside the man. He was charged with theft of the two coats.

2 Wounded In Acadia Valley Shooting Fray

One man is in custody following a shooting affray in which two men were wounded at Acadia Valley Friday night.

Arrested by RCMP Owen detachment is Alex Kindred, 25-year-old veteran from Acadia Valley.

In hospital at Empress are William Golinski, 36, and Douglas Ferguson, 22, both of Acadia Valley.

According to police Kindred, brandishing a 30-30 rifle, shot Golinski in the foot and then shot Ferguson in the chest, about 5 p.m. Friday.

Golinski, a Polish war veteran, may have his leg amputated, said hospital authorities at Empress said today.

Ferguson, although suffering from a severe chest wound, is expected to live, hospital officials said.

Acadia Valley is nearly 220 miles southeast of Edmonton.

2 Youths To Stand Trial

Two Edmonton youths have been remanded for sentence in police court after being returned from the U.S. to stand trial.

They are Leonie J. Strakowski, 17, and John Bertha, 16.

Two boys were charged with breaking into a construction company cafeteria at Clover Bar, May 2, from which they were said to have obtained about \$20.

The boys were intercepted in Cukinife, Montana, where they were arrested by U.S. police for theft of a car.

Sentence will be passed June 28.

London Dock Strike Growing

LONDON, June 26.—(Reuters)—The strike of 20,000 dockers which has tied up the Port of London for 13 days threatened today to spread to other British ports.

A member of the strike committee told a mass meeting of dock workers in London: "Things are moving in Liverpool, as far as Scotland is concerned, it is just a matter of Liverpool coming in and Scotland will follow."

Life Sentences

BUCHAREST, June 26.—(AP)—A Bucharest criminal court today sentenced four former Romanian army officers to life terms on charges of killing 10,000 or more Romanian Jews in 1941.

5 BROTHERS MISSING

PORTHLEVEN, England, June 26.—(AP)—Five brothers were missing and feared drowned today after their fishing boat and the 1,600-ton United States ship, Chrysler Star collided in the English Channel during a fog last night.

Firm Stand on Cold War: Churchill

MY HEART AND MY STICK ARE YOURS

LONDON, June 26.—(CP)—News agent Matt Aytton of Attleborough, Norfolk, who lost a leg in the First World War, was having a special limb fitted when Winston Churchill, carrying a cane, visited the hospital.

"You have a special limb and can walk without a stick," Churchill asked.

"Yes," said Matt, "but I'd like that cane."

"Here are my hand, my heart and my stick," said Churchill. "Look after it. It's been all over the world with me."

Magistrates Said Dominated by Hill

Arthur Wray, MLA, Makes Charges at Welfare Probe

Arthur Wray, independent Social Credit MLA for Banff-Cochrane, again threw a bombshell into sittings of the Royal Commission investigating Alberta child welfare conditions, at Friday's hearing.

He repeated earlier charges that certain juvenile magistrates are "dominated" by C. B. Hill, welfare superintendent, and specifically named Magistrate C. F. Willis.

Mr. Wray also told the Royal Commission he expects to furnish the commission with information of a suicide strangulation of a 12-year-old boy at Edmonton's South Side Detention Home for juveniles.

On Thursday, Mr. Wray first laid the magistrate-domination charge to the form of questions to Mr. Hill.

FORMAL TESTIMONY Yesterday he took the witness stand to formally testify before the Royal Commission.

Mr. Wray told the commission that on June 12 he was discussing with Mr. Hill the case of two juveniles whose previous convictions had been quashed and a retrial ordered.

Hill and Wray were discussing the matter of when the trial would be held, and whether it would be held in Edmonton or Calgary.

Mr. Hill is purported to have stated that the trial could be held in Edmonton, before Magistrate Willis, but if held here, would not allow enough time for the parents to be notified of the trial time (this notification is required by existing legislation).

Mr. Hill said he had no objection to the trial being held in Edmonton, but he would conduct his case in a manner directed by Mr. Hill.

Mr. Wray, during his testimony, said he learned that Mr. Hill advised or instructed RCMP on the disposition of juvenile cases.

REITERATES CHARGE He reiterated his charges of Thursday's hearing that certain magistrates are "dominated" by Hill in their proceedings.

But, said Mr. Wray in his testimony, "I have nothing in my mind as to why I am doing this to you."

During Friday's hearing, Mr. Hill said that there have been "great changes" in the child welfare department since the Royal Commission began.

Asked Mr. Johnson: "And I suppose you are endeavoring to improve your department?"

Stated Mr. Hill: "If I see a good suggestion I will always put it into effect. It doesn't matter where it comes from."

Mr. Wray also questioned Mr. Hill during the hearing.

He asked the welfare superintendent if he ever submitted two annual reports, one a confidential report to the minister (Public Welfare Minister Dr. W. W. Cross), the other a revised version which is printed and made public.

Mr. Hill answered that he only submitted one report, "Just the one which is printed."

British Ambassador

LONDON, June 26.—(AP)—Sir John Balfour has been appointed British ambassador to Buenos Aires, the foreign office announced last night.

Resoluteness Need Against Russians

LONDON, June 26.—(HUP)—Winston Churchill said today that only firmness and resoluteness toward Russia, and maybe not that, could prevent a third world war.

Churchill told thousands of Conservatives gathered on the lawns of the estate of Sir Harold Verneer that the Soviet isolation of Berlin had raised issues as grave as those at stake at Munich 10 years ago.

"There can be no doubt that the Communist government of Russia has made up its mind to drive us out of France and the other allies and turn the Russian zone in Germany into one of the satellite states under the rule of totalitarian terrorism," he said.

YIELDING NOT SAFE It is our hearts' desire that peace may be preserved, but we should all have learned by now that there is no safety in yielding to dictators, whether Nazi or Communist.

"The only hope of peace is to be strong to stand with the other great freedom-loving nations and to make it plain to the aggressor while time remains that we should bring the world against him and defend ourselves and our cause by every means should he strike a blow."

"I cannot guarantee that even a firm and resolute course will ward off the dangers which now threaten us. But I am sure that such a course is not merely the best but the only chance of preventing a third world war in which the most fearful exigencies of destruction yet known to man will be used to the fullest extent."

"We shall therefore support His Majesty's government in the stand which with all their devotion to the cause of peace they have felt bound to make."

"It is our duty to show, whatever our party differences may be, that in resistance to foreign tyranny we are a united nation. I still believe that by this means peace may be preserved."

Owners Move To Outlaw Ship Union

MONTREAL, June 26.—(CP)—Capt. Norman J. Reuch, operating manager of Canada Steamship Lines, said today the Dominion government would be petitioned to outlaw the Canadian Seamen's Union and make membership in that union an offense.

Capt. Reuch said the CSL and other inland shipping companies in dispute with the CSU will make the submissions to the government.

He said the CSU is led by avowed Communists and is spearheading a Red drive in Canada.

Capt. Reuch, whose company has an agreement with the Canadian Lake Seamen's Union, charged the rival organization with trying to get stranglehold on traffic in the Great Lakes.

Germany Seeking Heavy Credits

GENEVA, June 26.—(AP)—The Anglo-American zone of Germany seeks credits totalling \$1,250,000,000 during the first year of the Marshall plan under a proposal being submitted to the European recovery organization in Paris, it was learned here today.

Israeli Will Act To Get Convoy Through

Cairo, June 26.—(AP)—The Israeli government, given the United Nations green light to push a convoy through Egyptian resistance, says it has told its general staff to take "suitable" action.

Its announcement was made after a UN spokesman and Jewish leaders said the Egyptians allow yesterday a Jewish convoy of 400 bound for Negev desert settlements in southern Palestine and shot at a UN truce-mission plane.

The communiqué said the Israeli government will take action "in a manner and at a time and place which its general staff will deem suitable." Jewish authorities were told by the UN truce mission yesterday they were "free to act as they thought fit" in the matter.

Egyptian Prime Minister Mahmoud Fahmy's distribution of cables to correspondents an Egyptian pilot fired on the UN aircraft because "he suspected it was an enemy plane."

EDUCATIONIST DROPS BOMBSHELL

Cinderella's Sippers Made of Rabbit Fur?

ella's dainty feet were made of common, ordinary rabbit fur, said Dr. Trueman, dropping this bombshell during his last speaking engagement in Winnipeg before returning to his native New Brunswick to take the presidency of the University of New Brunswick at Fredericton.

He was calling the origin of words before a luncheon meeting yesterday of the Manitoba Association of annual convalesces Cockneys. Contrary to what most of them think, a Cockney, said the president, is a strange egg.

In the original story she clad her feet in comfortable, fur-lined slippers. The French word for rabbit fur was, in fact, a word quite close to var, meaning glass.

And, said Dr. Trueman, in the translation inevitable confusion resulted. And when the slippers were wound up wearing glass slippers, the French word for rabbit fur was, in fact, a word quite close to var, meaning glass.

Atomic Age

At Fairfield, Idaho, airplanes were flown low over budding wheat fields to drive away frost. Wind from the planes mixed cold ground air with warmer upper air, raising the temperature two to three degrees, and "preventing frost."

Annual report of the Atomic Energy Control Board in Ottawa said Canada has a "unique" instrument of atomic research, as well as a plant capable of producing radium for every medical industrial and research requirement.

Scientists at Pasadena, California, through the medium of a new atom smasher which is smaller than a milk can, have set the temperature of the interior of the sun at about 27,000,000 degrees Fahrenheit—about three to four million degrees cooler than was formerly believed.

Doctors in the U.S. have discovered a new drug which is expected to be of use in infantile paralysis and cerebral palsy by relaxing muscles which are twisted, shaking or rigid. The drug, myaxetin, can be taken in a drink or in tablets, and provides relief within an hour or so.

Commerce

The Dominion government is studying an application by the Nova Scotia government to move an entire cutlery industry from Germany to that province. A former naval base at Shelburne, N.S., is the proposed site.

An attempt to "plant" lobsters on the west coast has not been very successful, fisheries minister Stuyvesant told the Commons. The department has not, however, ruled the attempt a failure and will continue the experiment.

World

Venezuelan Interior Minister Elgin Anzoledi said police had found 30 packages containing bombs which revolutionists had planned to mail to president Romulo Gallegos and other government officials.

One of the first tasks of the new South African government will be the consolidation of the budget, but the task will be eased by a \$20,000,000 legacy in the form of a surplus left by the United Party government.

Arctic Warfare Would End Fast

Medical Aspects of Fighting In Far North Told to CMA

By Ken Botwright
TORONTO, June 26.—(CP)—Outcome of a war fought in the Arctic would be "forced quickly" Lt.-Col. J. N. Crawford of Ottawa said yesterday.

He discussed medical aspects of warfare in the Far North for the Armed Services' Section of the Canadian Medical Association. The CMA's five-day convention, attended by almost 2,000 doctors, closed yesterday forenoon.

Col. Crawford said small detachments of troops would fight on a small front. Troops would travel overland by snow vehicles or be airborne as paratroopers or glider men. Supplies would be flown to them or brought by tractor train. An advance base would be close to the front and a main one "in the temperate zone."

Problems facing soldiers would include food shortage, lack of water; lack of bathing and laundry and sanitary facilities. Danger of disease would be minimized by extreme cold.

Dr. O. M. Solandt of Ottawa, chairman of the defence research board, urged doctors to help form an international agency to abolish war. He said his board was studying defence methods in case of atomic or bacteriological war.

Newspaper Ad Is Best Media

QUEBEC, June 26.—(CP)—Newspaper advertising continues to provide the best media for moving goods off retailers' shelves in quantity, Edgar G. Burton, president of the Robert Simpson Co. Ltd., said yesterday in an address prepared for delivery to the Newspaper Advertising Executives of America.

"Magazines, radio, and even television, have their part to play, but for consistent daily results, the newspaper ad 'delivers the goods.' A specific article is usually of value at a price, and the reader is told where to get it. He is persuaded to come and buy it today or at the latest, tomorrow. Retailers generally find that kind of appeal more effective than the sort of advertising which suggests you might buy something, sometime, or some place."

The development of his own company from a small store, Mr. Burton said, would not have been possible without the close co-operation of many Canadian newspapers. "And here may I say that most of the Canadian Press maintains a standard of news and advertising presentation of which we are indeed proud."

Sask. Voting Sets Record

REGINA, June 26.—(CP)—Saskatchewan Liberals made a strong bid Thursday to return to power in traditionally Liberal Saskatchewan but failed to oust the CCF government of Premier T. C. Douglas.

The government held 31 of the 50 contested seats, dropping 13 to the Liberals and losing two cabinet ministers.

The Liberals elected 18 and one Liberal-Progressive Conservative candidate was returned.

Nearly 475,000 a Saskatchewan record—slogged through muddy roads to cast their ballots. Intermit-

tent drizzle across the province turned many country roads into quagmires.

Mud-clogged roads delayed the final result from Stanley until late yesterday. With one vote reported Thursday night the CCF candidate, Robert Walker, led by two votes, and finally gained the seat.

Over 100 Britons Arrive In City

Trained Craftsmen Included in Trainload

Close to 150 British immigrants, all anxious to start life anew in a new country, today jammed the Canadian National Railways station platform when they arrived here.

WHEELS OF LAW GO BACK FIVE YEARS

Justice reached back nearly five years to bring Jack Abbott to court to answer to a breaking and entering committed in November, 1943.

Today he was sentenced by Mr. Justice C. C. McLaughlin to one year in jail on this charge.

He had been placed on suspended sentence in the jail when found guilty of the charge in January 1944.

Within a short period of being placed on probation he was found guilty of charges of illegal possession of liquor, breaking and entering and theft.

The warrant was implemented after Abbott had been found not guilty recently of being in possession of house-breaking tools.

2 South Boys Are Drowned

PINCHER CREEK, June 26.—(CP)—Taking their raft onto a lake north of their farm here instead of to a pond as they had led their parents to believe, Edward Allan Heise, 11 and Kenneth Heise, 10, were drowned about 5 p.m. yesterday. They were sons of Mr. and Mrs. Ferdinand Heise, who farm about 25 miles southeast of Pincher Creek.

The two youngsters received permission from their parents, after school, to take a home-made raft onto a shallow pond. Instead they took it out to an unnamed lake north of the farm, accompanied by two younger brothers. Leaving the youngsters on the bank, the two boys undressed and pushed the raft out onto the lake.

First word of the tragedy was brought by the little Heise boys, who ran home to tell their parents that Kenneth and Edward had fallen into the lake.

Flood Fund Lagging More Donors Sought

Edmonton's response to the civic fund, opened to assist victims of British Columbia's disastrous floods, is lagging behind expectations.

Hoping to secure at least \$25,000 during the first week of the campaign, fund officials today said donations were far short of this objective.

Need for more and larger donations to the fund is well illustrated today by a graphic account of the floods, given at first hand by Lt. Col. J. K. Mahoney, chief of public relations for the Canadian Army at Ottawa.

Lt. Col. Mahoney was in Edmonton Friday, enroute to Ottawa from the west coast.

"You would have to see it to believe and appreciate just what the people out there (in British Columbia) are going through," he told The Bulletin.

Lt. Col. Mahoney won the Victoria Cross for heroic action in Italy during the Second World War, spent more than two weeks co-ordinating armed forces which were moved into the west coast emergency.

"Many farmers have literally lost everything," he said. "Their houses, some very large ones, were swept right off their foundations."

The war hero went on to say that people of the Fraser Valley are in dire need, and are depending on the rest of Canada to provide succor in this, their hour of need.

In view of this, officials of the Edmonton flood campaign have asked Edmontonians to put forth

One hundred and thirty-two of the new Canadians arrived through the Alberta government's immigration project, and the others came direct through the CNR colonization system.

Trips to Edmonton were arranged through Alberta House, in London, a special establishment to select immigrants for Alberta.

Most of the men are trained in various lines of employment and will be placed in jobs immediately.

Some are going to farms but most will remain right in Edmonton.

Among the trainload, biggest arrival of immigrants here in recent years, were many women and children.

Many of the young children were dressed in original Scottish costume, showing they came from the heart of Scotland.

The immigrants arrived in Halifax aboard the Aquitania late Monday night, and came direct to Edmonton. They are part of a group of 700 who arrived aboard the big ship.

They were met at the CNR station by N. S. McGuire, superintendent of colonization for CNR here; John Ferguson, supervisor of immigration for the Alberta government; Ronald McLean, of Alberta government public relations; and Lloyd Gilmore, deputy minister of economic affairs.

Most of the immigrants were met by friends and relatives. Some of them were families of men who have already established themselves in Edmonton. Accommodation for every person had been arranged before they were allowed to leave Great Britain.

REZONING ASKED

After much heated discussion, it was decided that the City of Edmonton would be requested to rezone 149 street from a residential to a business area.

On the authority of the Stony Plain Council, the City of Edmonton administers the Zoning Act in West Jasper Place, R. F. Lambert, president of the ratepayers' group said.

Another controversial topic was the sidewalk issue.

COOKING LAKE SURVEY Gets Underway

Survey is being started on the 12 square miles of Cooking Lake Forest reserve which is to become a part of Elk Island national park, 30 miles east of Edmonton.

Announcement of the transfer of the lands was made officially some months ago.

J. H. Holloway, provincial director of surveys said today the survey parties are preparing to start work on the area.

Ratepayers Ask City For Shack Inspection

Decision to have "inadequate and dangerous shacks" examined by Edmonton's sanitary inspector, was made Friday night by the West Jasper Place Ratepayers' Association.

Houses discussed, which are situated on 150 street, north of Stony Plain Road, were described by J. Daniels at the monthly meeting of the Association, held at the 156 street school.

"These shacks," said Mr. Daniels, "are not only unsightly, but they are also a menace to health and they constitute a major fire hazard."

"They were built four years ago, at a cost of not more than \$80 a piece," he said, "and they have had enough time, but they have deteriorated so much, that they should be condemned."

A motion to have the houses examined by the health inspector was carried unanimously.

1 Dead, 3 Hurt As Trucks Hit

CALGARY, June 26.—(CP)—A violent collision between two trucks at a road intersection near Chancellor Corner, 55 miles east of Calgary yesterday, claimed the life of one man and injured three others.

Dead was Andrew Anderson of Hussar.

Injured and brought to hospital here by two ambulances were: Manville Anderson, Hussar, back and chest injuries and facial lacerations.

John Hede, Chancellor, shoulder and knee injuries, facial cuts.

Peter Sumks, CPR employee, head bruises.

EASY DOES IT SALESMAN SAYS

Success crowns efforts which are properly tackled.

One Edmontonian demonstrated this recently when he advertised a car for sale in the classified section of The Bulletin.

It was sold within two hours of the paper's appearance on the street.

Previously, he said, he had advertised the auto for three days in other publications without making the sale.

Which just goes to prove that Bulletin want ads do get results.

\$51,000 Prize List For City Exhibition

Prize money totalling more than \$51,000 will be offered at Edmonton's 70th annual summer fair.

Sponsored by the Edmonton Exhibition Association, the fair will be held during the week July 12 to 17, inclusive.

Entries in the livestock classes are not as large as last year, a record one. Reason for the decline is the late spring season which has prevented stockmen getting their livestock into show condition.

Scarcity and the price of feed also are factors in the decline.

Western Canada's best race horses will compete against sturdy opposition from American and eastern Canadian thoroughbreds during the six days of racing.

There will be seven races daily with purses for the week totalling \$30,000, approximately \$4,000 more than last year.

Royal American Shows will again be the attraction on the midway.

This organization has many new thrilling rides, and several new outstanding show attractions.

Stars of stage, screen and radio will appear nightly in front of the grand stand in State Fair Revue of 1944.

Monday and Saturday evening fireworks displays, depicting development in the Leduc-Calgary oil fields, will be added attractions.

Japs Protest

TOKYO, June 26.—(AP)—Sixty thousand Japanese gathered in the plaza outside the Imperial palace yesterday to protest the newly-announced 70-per-cent average increase in prices.

Speakers told of plans for a one-day protest strike July 1.

Baptist Leader Raps Ministers' Low Pay

Low salaries paid to Western Canadian ministers and teachers were strongly condemned yesterday by Rev. H. E. Nordlund, president of the Baptist Union of Western Canada.

Addressing the union's convention at First Baptist Church, he said:

"There is absolutely no reason."

Mr. Nordlund told the 250 union delegates from all over Western Canada, "why a minister, ministering to the souls of men, should not be paid equally as well as a doctor, administering to the body."

He added to the address, "that a person with the responsibility of a minister is paid no more than an unskilled worker."

TODAY'S MESSAGE

Temptation

"Blessed is the man," says St. James, "that endureth temptation." Temptation may consist of attempts by the devil to lead men into sin, or of affliction and troubles whereby God tests the soul. It is part of the intelligent Christian philosophy of life to expect temptation and to understand why men must be tempted.

Many good persons become unduly disturbed when they experience severe temptation to sin, or find their faith and fortitude assailed by misfortunes of one kind or another. It is perhaps easier to convince them that troubles and afflictions patiently borne are means to self-sanctification than to persuade them that temptations to sin present a real opportunity of showing love for God.

Moral temptations are inevitable because of man's tendencies to evil. But man has free will. He has been made to choose either to gain heaven by serving God, or to merit damnation by rejecting His divine authority. Every grave sin is, therefore, a turning from God, whereas every temptation resisted is an affirmation of loyalty.

The overcoming of temptations helps to give vigor and strength to the soul. The essential thing is never to confuse temptation with sin, and never to forget that God does not permit a man to be tempted beyond his capacity to resist. Very often temptations are means of persuading men to pray more fervently and to keep as close to God as possible. This makes it possible to convert them into actual blessings.

A famous 18th century English moralist wrote: "He that is endeavoring to subdue and root out of his mind all those passions of pride, envy and ambition which his religion opposes is doing more to make himself happy, even in this life, than he that is contriving means to indulge them."

Again we may quote St. James: "My brethren, count it all joy when ye fall into divers temptations; knowing this, that the trying of your faith worketh patience." God is always with the patient, the resisters of temptation. In the spiritual order, the patient man wears the badge of fidelity, and bears the promise of final acceptance.

COME TO CHURCH THIS SUNDAY

Christian Science

"Then he called his twelve disciples together, and gave them power and authority over all devils, to cure diseases." (Luke 9:1). "Our Master said to every follower: 'Go ye into all the world, and preach the gospel to every creature... Heal the sick... Love thy neighbor as thyself.'" (Science and Health with Key to the Scriptures, by Mary Baker Eddy, p. 13). Selections like these comprise the lesson-sermon in Christian Science churches Sunday. The subject is "Christian Science."

United Church Asks \$3,000,000 Donation

TORONTO, June 26.—Members of the United Church of Canada will, in 1950, be asked to contribute \$3,000,000 towards the missionary and maintenance work of that church, it was announced at meeting held here.

Secretary, Dr. Denzil G. Ridout, announced that all eleven conferences of the United Church have accepted objectives.

The objectives are: Newfoundland \$300,000; Maritimes, \$280,000; Montreal and Ottawa, \$453,000; Bay of Quinte, \$250,000; Toronto, \$653,000; Hamilton, \$380,000; London, \$370,000; Manitoba, \$190,000; Saskatchewan, \$140,000; Alberta, \$140,000; and British Columbia, \$160,000.

Last year the United Church contributed \$2,175,000 toward work in Canada and overseas, the committee was told. This figure is 50 per cent higher than the contribution of 1946. The goal set for 1950 is 38 per cent higher than last year's.

Four conference presidents attended the meeting: Rev. S. M. Sweetman, London; Dr. W. F. Fingland, Hamilton; Rev. T. W. Hazlewood, Toronto; and Rev. J. V. Macdonald, Bay of Quinte.

Four conference missionary and maintenance conveners were also present: Rev. W. J. H. Smith; Rev. E. S. Lautenslager, Rev. H. H. Neal, and Rev. E. M. Aitken.

The committee announced that laymen's conferences will be held September 4th and 5th at Alma College, St. Thomas; Albert College, Belleville; and McMaster University, Hamilton.

United Church Sunday schools, last year, included in their giving, sufficient funds to buy a new missionary boat to serve in the Pacific, and to purchase four fully equipped station wagons, to be used in missionary fields in China, Africa and India.

Young People's Unions of the United Church are raising funds to provide scholarships for qualified young students from China, India, Japan, Korea and Trinidad.

The United Church's converted army unit called "The Crusader's Cavalry," and consisting of electric models and other exhibits depicting the world-wide work of the United Church of Canada, will tour Nova Scotia, New Brunswick and Prince Edward Island during the last four months of the year, the committee announced.

Five Bequests Made To Church

TORONTO, June 26.—Rev. Dr. Victor T. Mooney, treasurer of the United Church of Canada, announced today that eight substantial bequests have been made to the United Church of Canada during the first quarter of 1948.

The bequests are estate of Miss Annie L. Burns, Toronto, Ontario, \$10,000; estate of John Burt, Lucknow, Ontario, \$1,000 for Lucknow United Church Missionary and Maintenance Fund; estate of Miss Bertha G. Gilling, Winnipeg, Manitoba, one-fifth of the residue for the United Church; estate of Mrs. Sarah L. Locke, Stirling, Ontario, \$1,500 for missions; estate of Miss Elizabeth McLennan, Edmonton, Alberta, \$2,000 for Overseas Missions; estate of Morden Nelson, Toronto, Ontario, \$500 for the United Church; estate of Mrs. Isabella Tibb, Toronto, Ontario, all the residue (about \$12,000) for Home Missions and the Pension Fund; and estate of Reuben Thomas Michie Temple, Uxbridge, Ontario, \$750 for Overseas Missions.

The committee announced that laymen's conferences will be held September 4th and 5th at Alma College, St. Thomas; Albert College, Belleville; and McMaster University, Hamilton.

United Church Sunday schools, last year, included in their giving, sufficient funds to buy a new missionary boat to serve in the Pacific, and to purchase four fully equipped station wagons, to be used in missionary fields in China, Africa and India.

SPENDS 4 DAYS WITH A SITTER, BABY CLAIMED

VANCOUVER, June 26.—(CP)—Two-year-old Jimmy was back with his mother last night after a reunion at the home of a baby-sitter.

He was left with the sitter four days ago, and it was not until yesterday that the mother reported to police, she said she had been ill and unable to claim the child.

"Dat mummy," cried Jimmie as his mother walked into his room.

The mother's name was not disclosed by police.

RCAP Recruits To Get Standing Of Junior Matric

OTTAWA, June 26.—(CP)—A training plan to bring RCAP recruits to junior matriculation standing now is in operation at Aylmer, Ont., air force headquarters announced yesterday.

The plan, recently outlined by Defence Minister Claxton, accepts recruits for mechanical, radio and clerical trades with one year less than junior matriculation. Further training in subjects necessary for their respective trades is given by air force instructors.

The new school takes 80 students a month, and courses last 10, 18 or 26 weeks, depending on the needs of the individual student.

After-Party Mess Can Be Made Easy

Bulletin Home Man

Back With Friendly Tips

By Bert Nightingale

Anybody who leads any kind of social life at all is painfully familiar with the shambles that a Saturday evening party can make of one's neat home.

Without continual care, such parties can make a home look like a Brooklyn back-alley in no time at all.

Liquids (be they only lemonade) spilled on the floor, and tramped meticulously into the woodwork; large, moist paws spread against walls; heel-marks straked across the back of stairs; cigarette ashes knocked into upholstery; all this adds up to grief for the lady of the house.

HOW TO WIN

How to beat the problem? Certainly it isn't desirable to cease and desist having parties. Edmonton's round of public entertainment makes house affairs almost essential.

The answer is that the new home, together with all the furnishings in it, responds to intelligent care with long life and lasting beauty.

Daily dusting with clean, soft cheesecloth, old silk material, chemically-treated dust, or mittens is recommended to maintain the beauty of wood finishes. Dusting with clean, soft cloths not only removes the dust, but it polishes the surface and brings out the beauty of the grains of the wood. Soiled dust cloths are likely to scratch fine surfaces.

EASY DOES IT
To remove the foggy appearance frequently found on highly-polished

out woods, and frequently crack them. From 40 to 60 per cent humidity in rooms is healthy for woodwork.

I mean where a trayful of cigarette ashes has been spilled into the chesterfield, down behind the cushions it's sometimes a good idea to dump the guilty party's glass of Seagram's after the ashes. In addition to being a fine punishment, the cooling effect of the liquid may do away with any fire hazard. This will probably stain the upholstery, in which case, the following should be helpful.

CLEAN UPHOLSTERY

First, clean as thoroughly as possible by brushing and using the vacuum cleaner. Make a stiff paste as follows: shave a dissolve half a cake (or one cup of flakes) of any pure, neutral soap in a quart of boiling water. Mix a small amount of this solution with a little cold water and beat to a stiff, dry froth. Using this, scrub about a ten-inch circle at a time, using a stiff brush and rubbing with a rotary motion. The material should not become soaked.

With a spatula scrape off all the latter possible and then wipe

several times with a damp sponge in order to remove all traces of soap. Then let things dry thoroughly before anybody sits on the furniture.

All of these, properly used, should bring the paw-marks into line.

LIPSTICK, TOO

As for the lipstick on the curtains, that's a problem better left to the editorial page... there's a moral question there that doesn't necessarily concern home-owners and builders. At any rate, you might be a trifle more careful in choice of guests.

English System May Mean Change

Music Students May Benefit, Time Will Tell

By Dick Sherbanuk

A new form of music notation, which is at present receiving wide notice in England, has some very good points in its favor.

However, not much has been said about it on this continent.

Called the Haines Notation, the new kind of music writing is simple to understand, takes less space on the printed page, and seems to include the advantages of the present method of writing music.

To get an idea of how the Haines notation works, draw the C major chord for yourself.

Draw four horizontal lines, one under another, similar to the regular staff.

From the bottom, the lines represent C, E, G, B. The spaces represent F, A, and C, the note above the staff.

Now draw two vertical lines, very close together, through the centre of the four-line staff.

On the left side of this double bar, on the bottom line, draw a small square, the line bisects the square. This is to be played with the left hand, an octave lower than notes played on the right side of the bar.

CAN YOU FOLLOW?

On the right side of the vertical bar, on the second line, draw another square. (Intercept these squares are all drawn so that the double vertical bar forms one side of the square.)

On the third line draw another square, on the right side of the vertical bar, and above the top line, corresponding to G on regular staff.

The vertical double bar is extended above and below the staff, to accommodate such squares as this, by the way.

Thus we have the notes E, G, and C, to be played with the right hand, and completed by C, played with the left hand, we have the C major chord.

Sharps and flats are written as diamonds in the same manner as the squares.

ISNT IT?

The whole thing sounds quite complicated when explained without diagrams, but it's not too bad if drawings accompany explanation.

As yet, I haven't enough information on hand to explain this notation in greater detail.

Russian Composer Scores Big Hit

By Dick Sherbanuk

Aram Khachaturian had no inclination to music until he was 19 years old. But now, in his mid-forties, he has become one of the world's foremost contemporary composers, and on this continent certainly is the most popular of present-day USSR musicians.

His Sabre Dance from the Gayane Ballet Suite has swept North America, and has been recorded by symphonies and swing bands alike.

Two albums of his best music are now on the market: the Gayane Suite and the Masquerade Suite.

Both albums are excellent.

In the Gayane (pronounced Guyah, and named after the composer's wife, Gayaneh) Ballet Suite, Khachaturian has completely captured the controlled fury of Russian folk dances. Best example is the compelling Sabre Dance.

Movie Critic Likes 'Bogey' At Capitol

By Harlo Jones

At last! A show (disregarding army pictures) without a woman in it.

The picture, now playing at the Capitol, is "Treasure of Sierra Madre," and it is a picture with a story to tell.

In a way the story is old—in some form or another it has been told in every book which mentions gold. This tale is told in a modern setting, or at least on the fringes of a modern setting.

Human reactions provide the backbone and scenery for the play.

There's one part philosophy, gained from experience and what the story honestly if it suits the moment, one part which can be used to madness, and one part which is pure madness.

The action begins in Tampico, on the Gulf of Mexico, but the greater portion of it occurs in the Madre mountains, which I find from my Collier's World Atlas is a range which divides Mexico into two parts, one to the north and one to the south.

Just to mix in a little added excitement, there is also a recurrent hand of Mexican bandits who in their naive simplicity think no more of killing a man for his rifle than you and I do of going out for coffee.

Of the three main characters, Walter Houston, Tim Holt and Humphrey Bogart, "Bogey" is the only one who is really in it the "kill."

Those three types mentioned above are really excellently selected for the roles. Houston, in particular, gets a bouquet, and the real plaudits from here go out to a murderously-likable Mexican band leader, whose name I probably couldn't spell, even if I could remember it. Anyway, "you can't miss it."

A small tip-off from the ring side. The first pictures of the Louis-Lucas film, which is being shown at the Strand just as fast as air express can get them to Edmonton. Should see here around the middle of next week.

Seems we're bound to find out the worst about people at the movies this week.

In the case of "So Well Remembered," playing at the Rialto, the balance swings the other way around the middle of next week.

The Rank-RKO production of "The English Mail Coach" is a powerful character study.

Hull's Memoirs Tribute to FDR

By Harold Delany

THE MEMOIRS OF CORDELL HULL, 2 volumes. New York: The Macmillan Company, 1,804 pages.

By any name, the memoirs of Cordell Hull are among the most important of our time. In evaluating a work of such magnitude, one should know what raw materials went into it and how they were handled.

It is said that most of the actual writing was done by the chief of staff, a man named Andrew Berling, a thoroughly competent journalist who has specialized in foreign policy, and had "covered" the State Department regularly during the years 1937-46, for the Associated Press.

They had access, of course, to the records and the State Department, including Hull's memoranda on conversations with representatives of other governments.

In their book, Hull points out just when and where he differed with Roosevelt. But he vents no bitterness, and he writes of Roosevelt as one of the greatest social reformers in modern history, "an outgoing lion, the view of later developments, to be found in the memoirs of Henry L. Stimson."

Hull succeeds, somewhat, in vindicating some of the policies for which he was attacked at the time, notably his treatment of Vichy France and North Africa.

With respect to others, one misses the sort of re-appraisal, in the view of later developments, to be found in the memoirs of Henry L. Stimson.

Hull still thinks he is always right.

Jerry Mangione bases his novel on the voyage of one of his ship, the neutral Portuguese liner Setúbal, and its five hundred passengers, in flight from Spain during the war.

The heartache they experience with the behaviour of the passengers are found to be invalid, and the threats they face of being returned to Spain are found to be invalid.

And their various hardships, and the behaviour of the passengers are found to be invalid, and the threats they face of being returned to Spain are found to be invalid.

Interwoven with the stories and the behaviour of the passengers are the dramatic episodes of the voyage: the ship is stopped by a German submarine, there are frantic efforts to land in Mexico, and there is the final landing in the United States.

In "The Ship and The Flame" the author has amply succeeded in his main concept: the combining of good story-telling with a mature account of how a cargo behaves when no visible destination is in sight.

Canuck Music Introduced To Old World

MONTREAL, June 27.—(CP)—Something new is to be added to Canada's list of exports to the Old World—Canadian music.

And the medium of export is Alexander Brodt, the Montreal composer and violinist who has made a study of the music of the Dominion.

"Europe knows too little about Canadian music," he said. He left from New York recently for a visit to the larger European cities to introduce little-known Canadian works to music lovers of the Old World.

His work to be conducted abroad by the assistant conductor of the orchestra of Les Concerts Symphoniques de Montreal is his own symphonic suite "From Sea to Sea," which he composed last summer for the CBC International series.

descriptive of Canada's geographical and ethnic characteristics, was first performed by the CBC symphony orchestra, under Mr. Brodt, last November 26.

Concerts already have been arranged by the Swiss radio in Zurich, and by the Swedish radio in Stockholm.

Mr. Brodt's next tour will also visit London, Paris, Brussels, Luxembourg and Rotterdam. Concerts radio performances are to be arranged in each of these cities.

In London he will see Sir Thomas Beecham, and go over with the famous British musician the score of his symphonic suite.

Thomas plans to introduce "From Sea to Sea" to Londoners at the first hall concert of the Royal Philharmonic Society October 29 of these cities.

He will also see Sir Thomas Beecham, and go over with the famous British musician the score of his symphonic suite.

MMM . . . SMELL THOSE PRETTY FLOWERS . . .

HARBINGER OF SUMMER is the wealth of beautiful peonies blossoming in Edmonton gardens this week.

Little Marnie Sharpe, daughter of Mrs. Douglas Sharpe, cautiously takes a whiff of their heavy perfume—just to see if they smell as pretty as they look.

BEAUTIFUL BLOSSOMS—BEAUTIFUL SMILE—

BUNDLE OF BLOOMS make an armful of sweet, heavy fragrance and blended color as Evelyn Richards carries a giant-size bouquet of budding peonies from Silver

Highlands Peony Gardens. This week-end hits the peak of the peony-time in Edmonton as the beautiful—but delicate flowers bloom for only a short time during the season.

JUNE GARDENS HAVE SHARE OF BEAUTY

PEONIES AND PULCHRITUDE make a charming combination for a summer scene. Pretty Jeanne Rogers, surrounded by plants weighed down with fragrant and

colorful blossoms, is trying to decide whether to leave them blossoming in the garden—or to fill the house with their pleasing perfume.

. . . BEAUTIFUL GARDENS MEAN WORK TOO . . .

TWO HANDS AT ONE JOB make the whole thing easier—and there are lots of jobs to be done to keep home gardens well-kept and beautiful. Marguerite Man-

ning, left, and Audrey Tremaine are high school girls busy with final departmental exams—but take time out for a bit of garden activity. The dainty white daisies bordering the lawn thrive with attention and care.

Edmonton Shrine Club Hosts At Tea For Visiting Shriners

Jasper Room of the Macdonald hotel will be the scene of the tea Saturday afternoon to honor visiting Shriners of the Al Azhar Temple.

Members of the Edmonton Shrine Club will be hosts. Tea will be served from 3 to 4:30 p.m.

Receiving the guests will be Mrs. Richard MacDonald, Mrs. J. C. Long and Mrs. John Michaels.

At a tea table centred with summer blossoms Mrs. Archie West and Mrs. C. W. Boon will preside.

Among those assisting in serving will be Mrs. J. L. Little, Mrs. N. Saunders, Mrs. Clayton Adams, Mrs. O. K. Deane, Mrs. L. Beattie, Mrs. J. Cumming, Mrs. W. Hunt and Mrs. Fred Grieve.

Visiting delegates will be honored at a dinner and dance to be held in the main dining room of the Macdonald hotel at 7 p.m.

14-Month Overseas Tour Planned by Edmontonian

OVERSEAS TOUR of England, Scotland and Paris is planned by Miss Jean Cameron, well-known Edmonton high school teacher. Miss Cameron expects to leave the city Tuesday and will sail aboard the Empress of Canada from Montreal, July 3.

Miss Cameron, whose students of French have maintained highest averages in provincial departmental examinations for several years, will be absent for a period of 14 months.

Banff Springs Hotel Meeting of Benchers

BENCHERS of the Law Society of Alberta will meet at Banff Springs hotel, Tuesday and Wednesday.

Edmonton Benchers and their wives who will attend include Mr. and Mrs. E. W. S. Kane, Mr. and Mrs. S. H. McCune, Mr. and Mrs. L. Y. Cairns, Mr. and Mrs. Ronald Martland and Mr. and Mrs. C. W. Ausier.

HOLIDAYING at the Pacific Coast is Mrs. F. G. W. Waples, who left recently to spend several weeks at Vancouver.

CITY VISITORS are Mr. and Mrs. Fred Rose who arrived here recently by plane from Vancouver. While in Calgary, they are guests of Mrs. Ross' mother, Mrs. E. L. Kelly.

BRIDES-SELECT Freda Fernan and Martha MacAndrews were honored when Mrs. J. H. Hughes entertained recently at a shower. Guests were members of the Junior White Circle. Gifts from a wishing well were presented to the guests of honor.

PEONIES decorated the home of Mrs. Harold L. Hase when her daughter, Pat Hase, entertained at a shower Friday evening to honor Mary Ellen Dickson. Miscellaneous gifts were presented to the bride-elect of July 6.

AMERICAN Shriners are among the delegates to the annual meeting being held in Edmonton Friday and Saturday. Shriners from the United States, guests at the Macdonald hotel, are Mr. and Mrs. P. M. Kolberg, Great Falls, Mont., Mr. and Mrs. L. A. Libber, Long Beach, Cal., and Mr. and Mrs. J. Trauffer, Helena, Mont.

CO-HOSTESSES for Miss Glenys Hawkins, Mrs. A. Long and her daughter, Mrs. D. J. Analle, entertained recently at the home of the former. Miss Hawkins' marriage to Robert Lucas takes place July 3. Mrs. R. Lucas assisted in serving. A tea set was presented by Miss Ruth Analle on behalf of the 17 guests.

JULY BRIDE-TO-BE Gunhild Deibel was honored at a magnificent shower when Pat Fletcher entertained at the Kappa Alpha Theta Fraternity house recently. Gifts in a decorated box were presented to the bride-elect from the 22 guests. Presiding at the tea table centred with a miniature bride doll and flanked by pink tapers was Mrs. C. MacDonald.

LIVING IN EDMONTON are Mr. and Mrs. Charles Spencer Fletcher who were married recently in Calgary. The bride is the former Doris Marion Crowle, R.N., of Mr. and Mrs. H. E. Crowle of Calgary and the bridegroom is the son of W. J. Fletcher of Winnipeg.

At a reception in the drawing room of the Macdonald hotel Mrs. Parsons was the guest of honor. She was accompanied by her husband, Mr. H. P. Parsons, who proposed the toast to the bride.

Before taking up residence in Edmonton the couple left for a honeymoon trip to Vancouver. The bride travelled in a grey crepe dress with gray gaborard topcoat and black accessories.

Bowling Tournament Groups Donate \$535 For Church Charities

At the final meeting of the season of the Women's Missionary Association of Central United Church it was reported that \$535 had been received from church groups.

It was decided to send a parcel to a German family. Devotional period was led by Mrs. W. Lyle and a reading on Christian Stewardship was presented by Mrs. J. Campbell. Last chapters of the study book were reviewed by Mrs. W. H. Pacey.

Hand Care Trick For Gardeners Hands that dig in a garden can be given a beauty treatment while they work. If you'll cover them with cream before you cover with gloves.

A trick many beauty-wise women use is to wear two pairs of gloves for gardening. An inner pair of cotton knit is worn to keep cream confined to hands.

An outer pair of sturdier canvas keeps hands from harsher contact with soil, sharp particles and chemical irritants.

You can keep fingernails better protected from the risk of tearing if you'll dig tips into a cake of soft soap before you glove your hands.

The Rev. E. J. Bailey performed the ceremony.

A beaded headband held her hair-length veil in place and she carried a bouquet of American Heliconia roses and lily-of-the-valleys. A single strand of pearls was her only jewelry.

Pink taffeta dresses were chosen by the bridesmaids, Ethel Hisey and Jean Graham. Flowers held their chapel veils to their heads and they wore pink lace mittens and carried bouquets of pink carnations.

Walter Eaton was best man and ushers were Russell Matyka and Bert Kelley.

Talented Local Girl Wins Art Scholarship

Jacqueline Lutz Wins Museum Award; To Attend Banff School of Fine Arts

An Edmonton girl who today is celebrating her 17th birthday is celebrating something else too—another step towards success in her chosen career.

Jacqueline Lutz, daughter of Mr. and Mrs. J. Lutz, 1218 96 street is thrilled at the prospect of attending a six weeks course in art at the Banff School of Fine Arts.

Jacqueline has been awarded a \$50 scholarship by the Women's Society of the Edmonton Museum of Arts. "Outstanding" is the word for Jackie in the opinion of R. W. Healey of the Museum of Arts. He says she is one of the most promising pupils they have ever had at the Museum and predicts a bright future for her.

For six years Jackie has been attending classes at the Museum studying painting, water colors and oils under such well-known painters as Murray Macdonald, Mrs. E. M. Mortimer and Miss Isabel Field. She hopes to continue her study of oils, her favorite medium, under Mr. Macdonald at Banff.

In grade 11 at Victoria High school Jackie has won many prizes since she first picked up a pencil at the age of three. Her mother relates how she started modelling lifelike animals in plasticine.

Living in an apartment, the children had to keep quiet. Mrs. Lutz efforts to keep Jackie quiet served to bring her talents to light at an early age.

Mrs. Lutz thinks her daughter models in clay even better than she draws. She hopes that Jackie will some day be able to take training along this line. She and her husband were "quite staid" when they learned of Jackie's award. We weren't quite sure before just how good she was," the mother says.

Jackie herself has quite definite plans for the future. She hopes to complete her senior matriculation at the same time taking an art course at the University of Alberta. Then she wants to attend the Vancouver Art School.

In oil and clay and oils, Jackie's favorite models are animals.

For her daughter's wedding Mrs. Molofy wore a blue suit with black accessories and corsage of roses. Mrs. LeVair chose a mauve dress with matching accessories and corsage of Tallman roses.

For a honeymoon trip to Sylvan Lake the bride wore a blue dress complemented with matching accessories and corsage of roses. Mr. and Mrs. LeVair will make their home in Edmonton.

The first adhesive postage stamp of Great Britain was made in 1840, and bore a portrait of young Queen Victoria.

Mary Molofy Recent Bride

Highlands United Church was decorated with summer blossoms for the recent wedding of Mary Molofy and Leonard LeVair.

The bride is the daughter of Mrs. A. Molofy and the bridegroom is the son of Mr. and Mrs. LeVair, all of Edmonton.

The ceremony was performed by the Rev. T. H. Davies. Lillian Gismour played the wedding music and during the signing of the register Ellen C. sang I Love You True.

Given in marriage by her uncle, S. Molofy, the bride wore a dress of white satin. Embellished with a sweetheart neckline, lily point sleeves, bustle back and full skirt.

A coronet held her full-length veil to her head and she carried a bouquet of American Beauty roses and white sweet peas. Her only jewelry was a double strand of pearls, gift of the bridegroom.

Hanna LeVair and Helen Tackik attended the bride as bridesmaids. Mrs. LeVair was flanked in a pink dress and Miss Tackik in a blue dress. Both wore chapel veils and carried bouquets of summer flowers.

Michael Tackik was best man. At a reception a three-tier wedding cake flanked by flowers and tapers centred the bride's table. S. Molofy proposed the toast to the bride.

Pretty June Wedding At Air Force Chapel

Summer flowers bunched the altar of the RCAF chapel for a pretty June wedding which took place recently. Miss Joyce Munia, daughter of Mr. and Mrs. E. I. Munia, became the bride of Zane William Wray, son of C. Wray and the late Mrs. Wray, all of Edmonton.

Rev. L. C. Scott officiated at the ceremony and Joy Warren played the wedding music.

An off-the-shoulder gown of white satin with draped satin bustle and lily-point sleeves was the bride's choice for her wedding. A double wreath of orange blossoms held her finger-ring veil in place and she carried a bouquet of peach-colored gladioli. Her only jewelry was a strand of pearls, a gift of the bridegroom. She was given in marriage by her father.

Miss Lois Munia attended her sister as bridesmaid. Her off-the-shoulder gown was of pink tulle with which she wore long mittens and carried a bouquet of summer flowers.

Patricia Morritt Weds Clarence Patrick McEvoy

Peonies in pastel colors bunched the altar of Sacred Heart Church for the wedding Saturday at 10 a.m. of Patricia Elizabeth Morritt and Clarence Patrick McEvoy.

The bride is the daughter of H. L. Morritt and the bridegroom is the son of Mr. and Mrs. P. J. McEvoy, all of Edmonton. The ceremony was performed by the Rev. J. O'Gorman.

White satin was chosen by the bride who was given in marriage by her father. The dress featured a full neckline, lily point sleeves, fitted bustle back and a full skirt of pale pink peonies.

OIL

McCull - Texas Pushing Tests

By Cecil Jackson

McCull-Frontenac Oil Company and Texas Exploration team program is well under way on the central Alberta plains. Most recent hole to be started is the Majean Lake wildcat northeast of Edmonton. This is the fourth hole to be spudded under the \$3,500,000 program of the two subsidiaries of the Texas Company engaged in the oil search in Central Alberta.

The first hole was abandoned when its location northwest of Calgary was found to be beyond the productive area of the Leduc field. The second hole at Gramina tested the lower Cretaceous, but no results have been announced. The third hole near Lismore is drilling below 2,500 feet.

Dr. William (Bill) Howells who inaugurated the program has returned to the Calgary headquarters and Al Martin of Houston, Texas, has taken over in the Edmonton office. Al is a Texas Company geologist who will try to find a location with another Leduc field surrounding it to provide his company's affiliates with a new source of crude.

MUSKIE AT 5,500

The Muskogean wildcat in the foothills north of Jasper is down around 9,500 feet. Volmer was last reported drilling at 7,272 feet. This hole is understood to be going down to 11,000 feet. The rig being used is a big one obtained by Imperial last summer in Cuba and first used to drill the Woodhead discovery.

Notice to Creditors and Claimants

In the Estate of GEORGE NATHAN SPEER, late of the City of Edmonton, in the Province of Alberta, Clerk, deceased.

NOTICE is hereby given that all persons having claims against the estate of the above named GEORGE NATHAN SPEER, who died on the 15th day of January, A.D. 1946, are required to file with the undersigned Administrator by the 30th day of July, A.D. 1948, a full statement duly verified of their claims and of any security held by them, and that after that date the Administrator will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so filed, and which have been brought to his knowledge.

Acting Public Administrator of the Estate of George Nathan Speer, deceased, Provincial Building, Edmonton, Alberta.

Railroad Issues Prop Up Market

Industrials Dip 1.56 in Week;
Western Oils Still Declining

TORONTO, June 26.—(CP)—Stock markets started slowly this week, strengthened in mid-week and closed out Friday on an easier note.

The sudden rise Tuesday in railroad issues in New York helped Canadian markets into a stronger position and satisfied observers who had held that the railroad market high for the industrial average. The advance lasted two days and then tapered off as interest declined.

Toronto had some of the lightest turnover in months despite two strong days when the industrial index rose more than a point each time. Lack of interest in low-priced golds kept the volume around the 500,000 mark.

Industrials tried to recover Monday's two-point loss but closed out the week down more than a point and on a dip of 1.56 from last Friday. Base Metals reacted with industrials to gain heavily Wednesday and Thursday, but were unable to overcome earlier declines, dropping 1.20 on the week.

Gold eased throughout the week and finished down 1.20 from last Friday. Western Oils continued their two-week decline, taking the week's steepest drop on the index 1.78. Total sales for the week were 3,044,000 shares, compared to last week's 4,500,000.

Grain markets were mixed throughout the week and moved irregularly. In Chicago, news that Kansas would have a much larger wheat crop than expected forced the price down as much as two cents. However, July wheat showed an improvement from last Friday and corn was ahead. Oats weakened slightly.

In Winnipeg, July oats, barley and rye weakened.

Transport Truck Goes to Fairbanks

DAWSON CREEK, B.C., June 26.—A truck and trailer measuring 36 feet in length, passed through here recently en route to Alaska. The vehicle, owned by The Alaska Transport of Great Falls, Montana,

was loaded with aircraft equipment for delivery to Ladd Field, Fairbanks. The load was taken on at Ogden, Utah and the 1,900 mile trip to Dawson Creek was completed in only seven days. The outfit was shipped across the Smoky River by train. Because of its unusual length it was too long for the ferry.

Only Light Rains In Hanna Area

HANNA, June 26.—A few light showers have fallen over the immediate district but much more moisture is needed. The growing things are looking better but cannot survive a long, hot spell, without more rain. Farms in many cases have had no rain and crops are standing still or practically so as little or no growth is noticeable.

Game Officials Speak at Dawson

DAWSON CREEK, B.C., June 26.—A special meeting of the Sportsmen's Club was held here recently to hear J. G. Cunningham of the B.C. game commission; J. Dill, B.C. game inspector of D. Division and E. Collins of the Trappers' Association of B.C. The speakers said the bounty on wolves and coyotes had been increased and maintained at \$20 for cougars.

DISTRICT NEWS IN BRIEF

Glendon School Holds Exercises

Seven Hi Graduates This Year;

Frances Rarog Is Valedictorian

GLENDON, June 26.—Graduation exercises for Glendon high school were held recently in the Community Hall. The event was sponsored by Parents-Teachers' Association and a large audience attended.

Students graduating this year are Frances Rarog, Mary Prociuk, Peggy O'Dwyer, Doris Apostoluk, Metro Spasiuk, Phillip Bodnar and Metro Selezinka.

Mr. Shandro, principal of Glendon school, addressed the audience, then the exercises began. Program included songs by the music class, Eli Stasyk and David Osaga gave a violin and piano solo. Vivian Podal sang a solo. Teddy Klatchuk recited. George Kostinuk gave a reading and Julie Wolenski recited.

The valedictory was read and written by Frances Rarog and class prophecy by Dave Osaga and Olga Punaharud, both grade 11 students.

GIFTS PRESENTED

The girls graduates were presented with compacts, hair brushes and boys gave wallets as graduation gifts by Mr. Sylvester, superintendent of Honeyville S.D. During the presentation a minute prayer was said for the late Mrs. M. Martinell, former teacher of Glendon.

The girls and Metro Selezinka have planned on going into the teaching profession, while the other two boys are going in for agriculture.

After the exercises a dance was held with Connell's orchestra.

'Farmers Day' Draws Big Crowd

INNISFREE, June 26.—Second annual Farmers Day picnic was held at Innisfree, Monday, June 21.

In spite of the threatening weather which prevailed, the function was well attended.

The day's events included bag fights, race, bicycle races, and ball games.

The Innisfree high school boys' team captured first prize by defeating Bucarz in the final game of the softball tournament. Bucarz was awarded second prize. Other teams competing were the Innisfree seniors, Lake Alice, and Bruce.

A refreshment booth and hot-dog stand was operated by the members of the A.P.U.

To conclude the farmers' all-important 'day of leisure', a dance was held in the evening at the Birch Lake pavilion.

The term "pin-money" originated during the reign of Henry VIII when wives beseeched their husbands for coins to buy their first metal pins.

LIBRARY IN NEW LOCATION

DAWSON CREEK, B.C., June 26.—Dawson Creek public library will reopen soon at its new location opposite the curling rink. The building, which also houses the school board office, is 130 feet in length and was moved to make way for the new high school.

Mission Services Held at Consort

CONSORT, June 26.—A mission was held the week of July 6 to 13 in St. Andrew's Roman Catholic Church, Consort. Rev. Father Fitzgerald, of the Redemptorist Order, conducted the mission assisted by the pastor, Rev. D. A. McLellan.

Morning and evening services were largely attended and people of all denominations were in attendance, to listen to the learned preacher who spoke on many subjects pertinent to the faith and duties and responsibilities to the home, church and state.

The altars were artistically decorated by the ladies of the parish and as the mission drew to a close there were many manifestations of faith and fervor to prove its success.

Highland Park Pioneer Dies

FERINTOSH, June 26.—The funeral of the late Nels Bergstrom, 1903 pioneer farmer of Highland Park district, was held at the Fredhem Baptist Church on June 21, which would have been his 65th birthday anniversary. In 1904 he was married to Elizabeth Hanson who predeceased him in 1945. A brother, Anton Bergstrom, died in 1934.

Two daughters, Mrs. Charles Howe of Ferintosh and Mrs. Walter Hall of Summerland, British Columbia, survive. Four sons, Eloy and Albin of Summerland, B.C.; Edwin and Jonas of Ferintosh survive, as does a brother, Edward Bergstrom of Ferintosh.

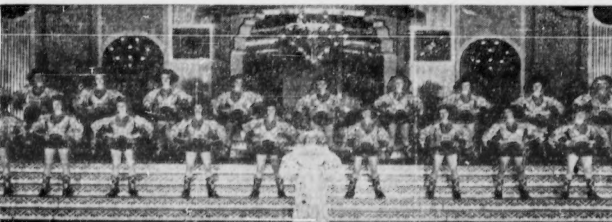

Rev. L. R. Tunquist and the Rev. Clarence Strom were the ministers in charge. Interment was in Fredhem Church cemetery.

clinic on July 9. Lists have been placed in business places in town for prospective signers willing to donate to this cause.

Viking school held the annual display of work such as art books, manual training, penmanship and other excellent work that was pleasing to the visitors who saw the display.
